

# The Miquon School

*A special first day of school supplement to our regular Monday Miquon Matters*

## **A Great First Day!**

*Click the video above to view scenes from your child's first day!*

---

## **Bus Communities on Mobile App**

**City of Philadelphia bus riders**, go to the app store and download The Miquon School mobile app. Once you have the app, look for the "Groups" icon at the bottom of the Miquon app home screen.

Enter the code below to join and begin communicating with your bus community! We are hoping you will use this system to communicate with your fellow bus community families this year. Check it out!

- Bus 4236 - enter code "MQ4236" to join
- Bus 4238 - enter code "MQ4238" to join
- Bus 4239 - enter code "MQ4239" to join

## More on serious allergies in the Nursery

**Nursery families**, in addition to the information we already sent you about the serious allergies to peanuts and tree nuts in the Nursery, *there are also serious, life-threatening allergies to dairy and egg.*

However, the Nursery will NOT be a nut-free, dairy-free, nor egg-free classroom.

Please send in a fresh cloth napkin daily for your child to use as a placemat to keep everyone safe and healthy. Using these cloths as fabric placemats will help prevent cross contamination. Please send a fresh one each day.

It is OKAY to have pre-packaged lunch items (such as granola bars, cow's milk, yogurt, cheese sticks) that are labeled. Sun Butter (which contains sunflower seeds) is acceptable throughout the classroom.

*Parents can help keep kids safe by reinforcing the idea that food should not be shared with others at school. Thank you for your attention and help with this important matter!*
