

# The Miquon School

## Miquon Matters, 9.24.18

*Hey, THANK YOU parents!! You ALL helped us so much by turning in your before-school paperwork and logging on to our Parent Portal. So here's to you! Nice!*

*Last week Wendy and Rich's students went to the Playbarn for a session on building and supporting an argument. Here these two defend their position on whether winter or summer is the best season. Students were asked to listen carefully and were called on to recall/restate each of the supporting points.*

## Seeking Your Help

We're always looking for volunteers to help out. If you can contribute to the classroom, contact your child's teacher directly. ALSO, we need the following specific help:

### Open House Mailing

We need help with a postcard mailing, starting today! Please email [kristins@miquon.org](mailto:kristins@miquon.org) if you can help. (This job can be done at home, too!)

### Grandparents' and Grandfriends' Day

Could you help us set up, greet grandparents, and show them around campus for this fun annual event on Friday morning, Oct 12? If so, please email [charlotteb@miquon.org](mailto:charlotteb@miquon.org).

### Amazon Wishlist

Consider donating a book to the Clisby Library in honor of a student birthday--or just out of your own generosity! View our [Amazon Wish List](#) of books we would love to make available to our students! Thank you!

### Golf Cart, Anyone?

We are seeking the donation of a used golf cart to help mobilize folks requiring help during our events and on other occasions. If you know someone who can help, email [charlotteb@miquon.org](mailto:charlotteb@miquon.org).

*Last week you heard about noticing and wondering at Back to School Night. Here,*

*students noticed what they discovered in the woods in Creekwood Hollow, cataloguing physical properties of leaves, insects, and soil.*

## **The Value of Noticing and Wondering**

Speaking of noticing and wondering, we thought you might want to revisit Susannah's letter explaining how this whole concept works in one subject -- mathematics.

## **Open House**

**Sat, Oct 20**

**1-3 pm**

Please tell your friends and neighbors about our upcoming Open House on Sat, Oct 20 from 1:00 - 3:00 pm. It's a chance to tour the campus, talk with teachers, and hear from admissions. You could even share this handy video around--word of mouth is what helps us best! Thanks!
