### **Parenting Children with ADHD: 3 Essential Strategies Thurs, Mar 14, 7pm, Center Schl, 2450 Hamilton Ave, Abington**

Several decades of research have provided extensive support for interventions that lead to improvements in academic performance and self-regulation for children and teens with ADHD. Making these interventions work for families starts with parents having a solid understanding about the nature and treatment of ADHD across the lifespan.

Dr. Michael Cassano will explain these interventions in detail and will provide tips for how to make treatment work for you and your family. Dr. Cassano is a licensed clinical psychologist and owner of Dragonfly Psychological Associates. His specialty is working with families of children, teens, and young adults with ADHD and anxiety.

### **Laurie Halse Anderson Book Release Author Event Thurs, Mar 20, 7pm, McShain Performing Arts Cntr, Rosemont College**

Children's Book World presents a book release event in celebration of Laurie Halse Anderson's new book, *Shout*. Anderson is known for the unflinching way she writes about, and advocates for, survivors of sexual assault. In 1999, her groundbreaking, award-winning novel, *Speak*, opened the door for a national dialogue about rape culture and consent. Now, 20 years later, she reveals her personal history as a rape survivor in her new searing poetic memoir.

Laurie will be in conversation with Madeline Miller, *New York Times* best selling author of *Circe*. This event is for mature audiences only. Children under 13 will not be admitted.

[Tickets are required in advance](#)

*Adorable artwork from the After Care program in the final weeks of winter.*
